

# CREST

The world's leading aquaculture accelerator keeps getting better

## We've evolved...

Startups receive **4 concrete outputs** worth a collective value of \$80K:

- Market Assessment
- Branding & Marketing Strategy
- Intellectual Property Strategy
- Life Cycle Assessment

## Streamlined global tour

Founders need efficiency. The new program takes you on a **one-week** industry immersion in each location to learn from the best of:

**Hawai'i • Norway • Singapore • Indonesia/Vietnam**

## Investment

- \$75K investment via uncapped SAFE note
- Potential for follow-on funding from Hatch Blue funds

## ...and kept what works

Exposure to our global network of investors, industry representatives, farmers and first adopters built over the last decade

Customer and industry discovery trips to partner farms and feedmills in Hawai'i, Norway, Singapore, and Vietnam

Sessions with industry leaders and personalized discussion opportunities

Investor-readiness analysis and advice conducted by our fund managers

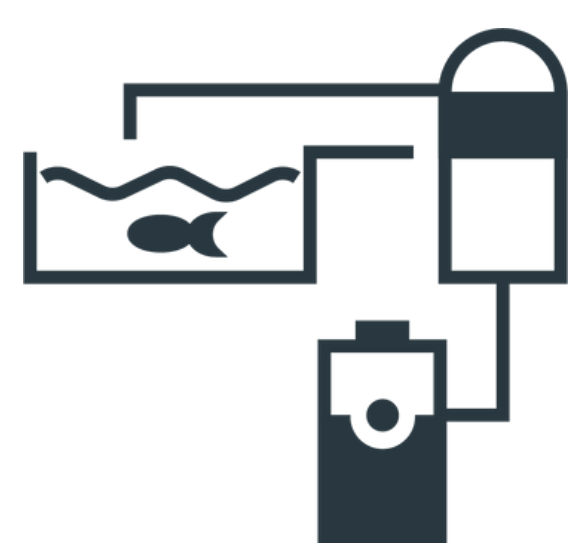

Strategic advice, review of company business plan and financial model

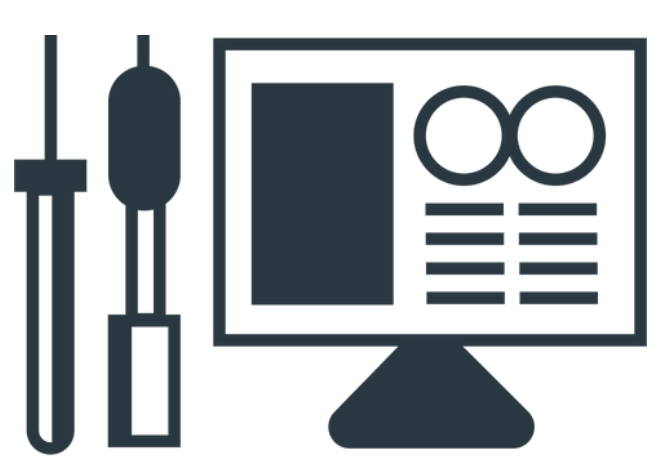

Alumni: Join a community of 135+ ventures and entrepreneurs from previous programs for learning and collaboration

**Apply Now**
